

👋 **Hi there,**
It's nice to meet you.

I'm currently working at [infox Technology](#) as a trainee in python department. Now i'm working in probation period after 6 month i'm work at infox as a [python delepover](#).

I was born in tamilnadu and raised in kerala.I have compeleted post graduation in [Ilahia college of engineering and technology](#) from kerala technological university.I enjoy learning about the breakthrough in technology.

In my free time, I enjoy going out with friends and trying new cuisines. I also enjoy watching movies, listening to music, reading, working out, and brodering.

Subject: Thank You-Micheal.

Dear Sir,

I am writing this letter to say thank you for the chance of interviewing me and be able to converse with you the knowledge that I have of being a delepover. And I am very much thankful to you that despite of your busy schedule, you still find time to conduct an interview with me.I hope that my interview will prove to you that I am the right person for the post.

As what you have read in my resume I acquired knowledge, skills and experience of the same post from my previous company.These are the things that definitely make me believe that I am qualified person for the work.I definitely want to be part of your reputable company.

I look forward for your response. If you still have any questions in your mind, please have the freedom to call me for another interview.

Regards

Mr.Micheal Richad
